

Yellow warning
Fog

Between
19:00 Fri 14 Jan 2022 and
11:00 Sat 15 Jan 2022

Fog patches will form during the evening and then become more widespread overnight, perhaps leading to some travel disruption.

What to expect

- Impaired visibility leading to hazardous driving conditions in places, and probable slower journey times especially by road; Delays to bus and train services are possible
- There is a chance of delays or cancellations to flights

Further details

Fog patches will form this evening, becoming more widespread overnight. Some dense fog patches are possible, with visibilities perhaps dropping to between 50 and 100 m in a few places. Conditions should slowly improve on Saturday, although a few areas of fog may last until afternoon across the east of the warning area.

 Medium likelihood of low impacts

Issued at 11:38 Fri 14 Jan, 2022
